

AGENDA

HEARING EXAMINER

DATE: Thursday, February 25, 2016

TIME: 1:30 P.M.

LOCATION: Yakima City Council Chambers

1:30 p.m. CUP15-084 Thomas Bates

The applicant proposes a new telecommunications facility in the Agriculture Zoning District that includes a 195' stealth tower, twelve (12) panel antennas, associated auxiliary equipment, back-up generator, within a supporting base station that is 50'x50' and secured by a 6' chain link fence. Once construction is completed, an equipment technician would visit the site approximately one time per quarter for routine maintenance purposes only. This is an unmanned facility, with a small external lighting device used on a Verizon equipment pad for evening maintenance. Access to the tower and compound is provided off of Lynch Lane.
