## Board of Health Agenda

Wednesday, December 5, 2018

*(Executive Session)*

1. Call meeting to order: 8:30a.m.
2. **Executive Session:** to review the performance of a public employee-André Fresco (30mins) [per RCW 42.30.110 (1)(g)]
3. **Consent Agenda: Motion** to approve all items listed with an asterisk (\*) are considered routine by the Health Board and will be enacted by one motion. There will be no separate discussion of these items unless a Board Member requests, in which event the item will be removed from the Consent Agenda and considered in its normal sequence on the agenda.

\* October 31, 2018 Yakima Health District (YHD) Board of Health minutes

\* Payment of accounts payable and payroll issued in October 2018 in the amount of \$526,123.45

4. **Board Business:** André Fresco
  - a. **2016-08 Resolution: Foundational Public Health Services (FPHS) (pages 11-12)**  
**Strategic Goal:** *Increased Community Partnerships*; **Board Input:** *Board Awareness*
5. **Financial Report:** Chase Porter October 2018 (**pages 13-18**)  
**Motion:** to approve the Financial Report for the month of October 2018

### Department Reports

6. Chief Operating Officer: Ryan Ibach
7. Health Officer: Dr. Teresa Everson
8. Disease Control: Melissa Sixberry
9. Environmental Health: Holly Myers
10. Public Health Partnerships: Lilian Bravo
11. Other Business: [2019 Board of Health Annual Meeting Schedule](#) (**page 19**)
12. Adjourn

## Board of Health Minutes

October 31, 2018, Wednesday

1. Meeting called to order by Vice Chair, Rand Elliott, at 8:30 a.m.

### **PRESENT**

Ron Anderson, Commissioner  
Renee Bouchey, City Representative  
Rand Elliott, Commissioner  
Dr. Kay Funk, City Representative  
Barbara Harrer, Mayor, Town of Harrah

### **ABSENT**

Gail Weaver, Citizen Member, Board  
Mike Leita, Commissioner

### **Yakima Health District (YHD) STAFF**

Lilian Bravo  
Orlantha Coleman  
Dr. Teresa Everson  
Andre Fresco  
Ryan Ibach  
Holly Myers  
Chase Porter  
Melissa Sixberry

### **GUESTS AND PRESS**

Jamie Hammontree, WGU, Nurse  
Student

2. **WELCOME AND INTRODUCTIONS-** Western Governor's University student, Jamie Hammontree joined today's meeting to observe how the Yakima Health District (YHD) meetings are managed and to learn more about the YHD.
3. **AUDIENCE PARTICIPATION-**None

4. <b>CONSENT AGENDA: MOTION</b> Rand Elliott entertained a motion to approve the October 31, 2018 Yakima Health District Consent Agenda.	<b>MOVE TO APPROVE:</b> Ron Anderson <b>SECOND:</b> Barbara Harrer <input checked="" type="checkbox"/> <i>Approved</i> <input type="checkbox"/> <i>Declined</i> <input type="checkbox"/> <i>Amend</i>
---	---

**The following items were adopted upon approval of the consent agenda:**

- September 26, 2018 Yakima Health District Board of Health Minutes
- Approval of accounts payable and payroll issued in September 2018 in the amount of \$520,182.82

# YAKIMA HEALTH DISTRICT

Prevention Is Our Business

5. **BUDGET HEARING:** Rand Elliott began the budget hearing session and extended invitation for attendees to participate in the public hearing at 8:31 – 8:33a.m. There were no questions or comments, except a motion to adopt.

*[Ryan clarified that the budget was advertised in the Yakima Herald Republic, on the Yakima Health District website and at our front desk counter. The 2019 Budget hearing promotion allowed for comments, but none were submitted to Ryan to share with the Board of Health.]*

<b>MOTION:</b> Vice Chair Rand Elliott entertained a motion to approve the <a href="#">2019 Proposed Budget</a> .	<b>MOVE TO APPROVE:</b> Ron Anderson <b>SECOND:</b> Barbara Harrer <input checked="" type="checkbox"/> <i>Approved</i> <input type="checkbox"/> <i>Declined</i> <input type="checkbox"/> <i>Amend</i>
---	---

6. **BOARD BUSINESS:** Andre Fresco, Yakima Health District (YHD) Executive Director

**Foundational Public Health Services (FPHS)-** The Yakima Health District continues to support the statewide Foundational Public Health Services initiative. Several different organizations that support the Public Health system have come together in a partnership involving (the Washington State Department of Health, local health jurisdictions, members of the WA State Association of Local Public Health Officials and the WA State Association of Counties) to support a \$295 million dollar ask from the State Legislature.

7. **FINANCIAL REPORT:** Chase Porter (pages 12-17)

## **State Auditor's Office (SAO)**

The SAO will be at the Yakima Health District November 13<sup>th</sup>, 2018 to conduct a scheduled audit, a (1-year financial audit; 2-year compliance audit) to evaluate financial and program compliance. The audit will not be complete by the next Board of Health meeting, but majority of the field work will be complete, meaning YHD will be aware of any major concerns that require attention, if there be any.

## **September 2018 Budget Summary**

We had a gain in excess revenue of approximately \$68K for the month of September. Our year-to-date excess revenue is \$338K.

## **September 2018 Revenue and Expenditures**

- Annual budgeted revenues and expenditures are \$5.9M and \$6.1M, respectively.
- Year-to-date budgeted revenue and expenditures are \$4.5M and \$4.6M, respectively.
- Year-to-date actual revenue and expenditures are \$4.4M and \$4.1M, respectively.

# YAKIMA HEALTH DISTRICT

Prevention Is Our Business

## Foundational Public Health Services FPHS

YHD received funds for FPHS in a prior year (2017) which we are spending in (2018). We have already received our FPHS funds in (2018) that we will not spend until (2019). The FPHS contract is on a fiscal year cycle while the Yakima Health District is on a calendar year cycle.

## 9. CHIEF OPERATING OFFICER: Ryan Ibach

### Annual Leave Package Policy

A memo was sent to Gail Weaver along with a comparable from other agencies and businesses.

*[Ron Anderson communicated that the package is a good incentive to retain staff.]*

*[Rand Elliott communicated that the changes are moderate.]*

*[Dr. Kay Funk added that the changes are modest.]*

### Performance Evaluation (PE) for Andre Fresco

Ryan Ibach is facilitating the Performance Evaluation requests, but all the responses are going to Gail Weaver. Orlantha is supporting (PE) correspondence that is going out this week to include the questionnaire along with Andre's accomplishments and 2019 goals as a baseline for evaluating successes.

### City Representative Openings

The terms for the two City Representative positions for the Board of Health expire at the end of this year. Recruitment will follow our Board approved process which includes sending each Mayor and their council members a letter and application to complete. The review panel will evaluate the candidates that are interested and make a recommendation to the Board of Health on December 5<sup>th</sup>, 2018.

## 10. HEALTH OFFICER: Dr. Teresa Everson

### Washington State Association of Local Public Health Officials (WSALPHO) and Washington State Association of Counties (WSAC)

Holly Myers, Dr. Teresa Everson and Andre Fresco will be attending the conference to develop and plan strategies for our next wildfire smoke season as part the working group.

# YAKIMA HEALTH DISTRICT

Prevention Is Our Business

## Flu Update

There has been one flu death in the state and two long-term care facility outbreaks. We are still below baseline for this season, which we measure by outpatient clinic visits due to flu or flu-like illness. If we get above 1.1% of all visits in clinics being due to flu or flu-like illness, we consider that a flu outbreak. We are at .4% this week and were at .6% the week before.

The goal is to have as many people as possible get vaccinated to protect those who cannot get vaccinated. Nation-wide, the infant vaccination rate is 60%.; the adult vaccination rate is between 40-50%, which falls short of the 80% needed to prevent spread. Our goal is to educate the public and community partners on good infection control practices, monitor and track outpatient indicators of flu-like illness.

## Acute Flaccid Myelitis (AFM) (Polio-like syndrome)

In Washington State, there are two confirmed cases; six suspect cases, one of the suspected cases is in Yakima.

It is challenging to confirm the diagnosis because a Center for Disease Control (CDC) neurologists is required to complete a case review before the diagnosis is determined. Because we don't know the pathogen and have been unable to confirm the cause, there is no vaccine to prevent AFM. Data so far indicates that AFM may be linked to enteroviruses that have respiratory spread.

The YHD is taking this case occurrence as an opportunity to promote vaccination. There have not been any new cases and AFM appears to have peaked in May 2018 but is now stagnant. Testing can take up to a month and we will learn if there is a confirmed case in that time.

## 11. DISEASE CONTROL: Melissa Sixberry

### New Public Health Nurse

Brianna Torres will join the YHD family on Monday, November 5<sup>th</sup>, 2018.

## Flu Update

There has been one flu death in the state and two long-term care facility outbreaks. None of the cases have been in Yakima County. The surveillance and assessment that YHD receives from local hospitals on flu tests ran, have not reported in flu cases to date. Flu stats are updated on our primary YHD website each week called the [RSV & Flu Stats](#).

## Salmonella Linked to English Cucumbers

YHD was in the news for the multi-state Salmonella outbreak linked to English Cucumbers from Costco. We have two cases in Yakima County that were linked to that cluster. We have been working with the Department of Health regarding these cases.

# YAKIMA HEALTH DISTRICT

Prevention Is Our Business

## **TB Case**

There was one new active TB case and a second one reported last week. It takes about a month to get cultures to identify culture resistance.

## **Latent TB vs. Active**

Both patients (elderly and foreign born) have active extra-pulmonary TB and are not contagious to the public and therefore are not a public health threat. YHD refers latent TB patients, which is not infectious, to their healthcare provider to get treatment. Treatment decreases the likelihood of the TB becoming active to 3% compared to 10% without treatment.

## **Active TB**

Cases with pulmonary TB in their lungs are considered active, contagious and a public health threat. YHD does manage these patients with our TB consultant, Dr. Spitters and our Health Officer, Dr. Teresa Everson.

## **Hepatitis C Kits**

YHD received Hepatitis C kits for free from an agency in Seattle. We are collaborating with Dr. Everson to get some protocols and standing orders to conduct Hepatitis C testing that aligns with the Department of Health's (DOH) goal of eliminating Hepatitis C. Yakima County has a Hepatitis clinic in town, which is one of the few in the state as we have been able to get patients treatment and linked to care.

## **NEW Provider Resources Website**

Foundational Public Health Services monies allowed for the development of a supplemental webpage in partnership with Tacoma Pierce County for providers. Alerts, Advisories and Awareness are the communication types that providers can receive which mirrors existing notifications sent through our primary website that Orlantha manages. We recently received the data sharing agreement that allows us to have provider contact information. The website has already been used to distribute two advisories to the "provider" community.

### **Advisory 1-State-wide Salmonella      Advisory 2-Acute Flaccid Myelitis**

The advisories were developed and distributed through a collaborative effort involving our partners, Orlantha, Melissa and Lilian to get messaging and news releases out. The supplemental site provides messaging that is provider specific to support accurate testing and information about symptoms to look for in special cases.

The ESD 105 school nurses will learn about this added resource later today. The supplemental site is an added communication method to expand interaction with providers. The website also houses templates for provider/school administrators to use in order to rapidly get messaging out to families/parents of students. The [YHD Provider Bulletin](#) that YHD used to distribute via fax and e-mail is phasing out and will no

# YAKIMA HEALTH DISTRICT

Prevention Is Our Business

longer be distributed. Instead, updates, reporting forms and information will be hosted digitally on the supplemental site.

## 12. **ENVIRONMENTAL HEALTH:** Holly Myers

### **Field Work Update,**

With the cold weather developing, many septic and design projects are underway causing inspectors to be in the field so that projects finished before the ground freezes. There are also a lot of Temporary Food Events due to fall festivals and cook offs.

### **Regal Mobile and Raybung Community Wells Safety Update**

Tested positive for E.coli. YHD is in communication with the state Department of Health (DOH) and their Drinking Water Office. Regal Mobile has successfully connected to Yakima City Water and their boil water advisory has been pulled. YHD has gone out twice to conduct investigations and did not find any cause for concern. YHD conducted testing for individual and shared wells in that area, a total of 12 in the area. It is not a wide spread E.coli situation.

**Raybung** is individual homes served by the community well and is still on a boil water advisory alert. Raybung is in the process of working to access a state revolving fund in the form of a grant that would pick up some of the expenses to bring their water system into compliance. Raybung's current options are for each homeowner to connect to Yakima City water or to put a disinfection system on their community well. One restaurant (Stop&Go) that was allowed to reopen is using water tanks and source water from the City of Yakima. We don't know if all of the residents in Raybung are on septic. There are 21 homes on the Raybung system.

### **Wildfire Health Impact Information and Education**

There is no agency that takes responsibility for wildfire indoor smoke health impacts. The Department of Ecology monitors outdoor air quality. The National Ambient Air Quality Standards are specific for outdoor air quality. In recent years the wildfire season blankets eastern Washington with smoke for weeks and sometimes months on end. The Washington State Department of Health created resource materials for local health jurisdictions to disperse to communities, schools and care providers. The resource materials created by DOH came out during the fire season. The next step for the EH directors and DOH is to create a workgroup with the intention of developing a communications plan for next year. Ideally local health departments should have the proper tools in the hands of schools, sport coaches, care providers and parents prior to encountering the negative impacts from wildfires. Both Holly Myers and Dr. Everson have been asked to participate in the workgroup.

### **Accela**

YHD will move forward with mobile inspections using the existing Accela software that we already have, to help save time on data entry and scanning. Edit Maldonado has been helping to keep our scanning up to date and file accordingly. The new system will allow for less duplicate work and email reporting access in the field. We are working to create the guidance sheets for use within Accela.

# YAKIMA HEALTH DISTRICT

Prevention Is Our Business

## **Monthly Meeting Title 19 Septic Code with the Yakima County**

The YHD is meeting monthly with the Planning Department to discuss Title 19 and the Community Septic Code. There are several interpretation questions when someone wants to put in a development or a shared community septic system. YHD does not know what the community system is made up of yet. Our septic facilitator, Holly Myers, Jason Earl, and two county planners are meeting to determine what to communicate to people to help them understand what Title 19 is.

## **13. PUBLIC HEALTH PARTNERSHIPS: Lilian Bravo**

### **Developmental Disabilities (DD) Program Updates**

The Yakima Health District in partnerships with ESD 105, the Division of Vocational Rehabilitation and the Developmental Disabilities Administration hosted our first benefits education event to educate students and parents on the DD benefits that are available to them. YHD reached 40 families and half of them were not connected to services yet. YHD plans to host a similar event in the lower valley. We will continue partnerships with different clinics and other organizations like Children's Village to further expand the reach of these events.

YHD will be working with other Eastern Washington Counties like, Benton County and Kittitas to provide training to our employment vendors. Employment vendors work across counties, and coordinate trainings across counties which will help improve the continuity of the services received by DD clients.

### **WE Movement (WE Day)**

The WE Movement is social change leadership cultivating organization that develops the next generation of youth to make a difference in their neighborhood and world. [WE Schools](#) complete local and worldwide projects involving five pillars (feeding the hungry, clean water, education, opportunity and health). The Yakima Health District will hear back from the WE western region which is based out of British Columbia to find out how we can begin to support the WE Schools in Yakima County. Our goal is to help local youth make a difference in our community. Across North America, there are 12,359 schools; 59 of which are in Yakima County.

YHD will be providing funding opportunities to 59 schools; for programs ran by schools in our county, that focus on health and have innovative solutions. An example of a local Yakima County project was a school that sent 80 backpacks to youth in South America. YHD will review proposals in December and share the results with the Board.

### **Breast Cervical and Colon Health Program (BCCHP)**

YHD has had a 65% increase in enrollment without an increase to FTE. We have streamlined the enrollment process by going digital, modified data entry and addressed provider misconceptions about the program.

# YAKIMA HEALTH DISTRICT

Prevention Is Our Business

Andre added that the FPHS cross-jurisdictional sharing funds have allowed for a partnership in the development of a supplemental website. This partnership supports Orlantha, our PIO to expand and align messaging across multiple communication platforms more efficiently. Our staff is working as a team so that each division benefits from our expanded capacity to reach more people. We are creating positive opportunities that are also cost effective to equalize access to healthcare communications whether someone live in a rural or urban community.

## 14. OTHER BUSINESS

### Homeless Population

Dr. Kay Funk, would like to make a more formal pitch for YHD to have a more active role in reaching out to homeless Developmental Disabilities (DD) clients. If DD patients exist among the homeless population, they might benefit from existing YHD services through case management.

### Welcome New Citizen Member

The Board of Health welcomes Renee Bouchey to the YHD Board of Health. Renee added that she is an advocate for all the citizens of the valley and passionate about increasing the quality of life for everyone.

15. **MOTION:** Rand Elliott adjourned the meeting at 9:51a.m.

**Board of Health Chair**

**YAKIMA COUNTY HEALTH DISTRICT BOARD OF HEALTH  
YAKIMA COUNTY HEALTH DISTRICT**

**RESOLUTION Requesting support for  
Foundational Public Health Services (FPHS)**

**Resolution 2016-08**

WHEREAS, the public health system in Washington provides the foundation for the larger health care framework, working to prevent illness and disease while supporting the work of community partners; and

WHEREAS, tracking, responding to, and preventing costly food and water contamination and disease outbreaks is essential to protecting the public's health; and

WHEREAS, state and local public health officials, together with local leaders, have identified and agreed upon a set of core public health services that should be available for every Washingtonian; and

WHEREAS, after a century of increasing life expectancies, today these gains are threatened by new and more complex diseases, continued tobacco use and preventable chronic diseases, putting today's children at risk of becoming the first generation to have shorter life expectancies than their parents; and

WHEREAS, the public's well-being is also threatened by public health's inability to meet its basic responsibility to provide these core services due to changes in its funding structure, complex, new diseases, and growing populations; and

WHEREAS, the motor vehicle excise tax was repealed in 2000, leaving the public health system without an adequate and sustainable funding source; and

WHEREAS, Washington state's population has grown by more than one million residents since 2000, and is expected to grow by another two million residents by 2025; and

WHEREAS, Washington state spends less on public health protection (\$38.08 per person) than other states like Idaho (\$54.35 per person) and Wyoming (\$89.75 per person); and

WHEREAS, over the last four years, state and local public health leaders have developed a plan to modernize the state's public health system, ensuring core services are available everywhere and designating others that can be effectively and efficiently shared between health departments; and

**YAKIMA COUNTY HEALTH DISTRICT BOARD OF HEALTH  
YAKIMA COUNTY HEALTH DISTRICT**

WHEREAS, without securing ongoing, stable, and dedicated funding for core public health services, our communities are left unprepared for emergencies like the SR 530 Slide, and vulnerable to the spread of communicable diseases like Zika and whooping cough; and

WHEREAS, rebuilding and refocusing our public health services means we can better monitor and coordinate emergency responses—keeping our families and communities safe, reducing costs for taxpayers, and protecting our local economy; and

NOW, THEREFORE, BE IT RESOLVED, that the Yakima Health District Board of Health calls on the Washington state legislature to recognize that public health is essential and provide the critical down payment to support core services in all communities and allow public health to rebuild its statewide system with added efficiency.

**PASSED AND ADOPTED** this 7th day of December, 2016.
