\$ 250,000.00	\$17,000	\$ 104,250.00	\$ 145,750.00	Contract Terms Verified		

**Task Order Name:** Wide Hollow - Property Maintenance

**Scope of Work:** North Yakima Conservation District

This task is intended to provide for vegetation management at 2 sites along Wide Hollow Creek in West Valley. The 96th ave. planting site and another property recently acquired by the FCZD at 8802 Wide Hollow Rd (Martz). The assessor's parcel number for these properties are 171325-44001, and 181330-34001. This task will support vegetation management objectives of the Hatton, Ahtanum, Wide Hollow, Bachelor, Springs Creeks Vegetation Management Project (HAWBS) designated as FC3332. Funding is provided by the FCZD to support maintenance of properties owned or managed by the district. The objective is to support existing native plant vitality and to discourage the establishment of noxious or invasive weeds and other non-native vegetation. Specific activities include tree removal, herbaceous weed control, and supplemental planting/watering at the discretion of the County.

Work includes: labor costs for Washington Conservation Corps (WCC) crews; North Yakima Conservation District (NYCD) staff time for administration, coordination, and supervision of the WCC crews as needed; and costs for plants, equipment rentals, material costs, etc. needed for the implementation of the actions identified by the task order. The plan calls for a proactive combination of riparian best management practices

including herbaceous weed control and non-native woody vegetation management as well as the use of periodic site monitoring to inform adaptive management. Invoices for this task order will specify ILA Task Order #4 and be charged to FC3332 Vegetation>maintenance>maintenance in Workday.

<b>Task Start Date:</b>	5/7/2021	<b>Task End Date:</b>	9/30/2021
