Dear Commissioner Anderson,

I am William Brummett and I am writing you on behalf of my wife, Linda and myself concerning the proposed expansion of Naches for residential development.

My wife and I are very opposed to the idea of allowing the future development and annexation of Naches. It is a nice quiet town and should stay that way. A buffer zone, if you will. We also don't like the fact that the Town Administrator would push for this. But even more disturbing is the fact that he is also a developer who will profit from the annexation. I call that a vested interest. Even though he said that he would not do that while he

was in office, I'm sure he will do it as soon as he is out. Naches had a population of 746 people in 2010 and 844 in 2022. That's 98 people in 12 years. It is not busting at the seams with people.

This is a matter of a town official trying to line his pockets while he is in office and has a chance to do it. It's pretty clear the people of Naches are not going to want him in office after this.

We would ask you to vote no on this issue and know that you have our full support in the future on any endeavors you would undertake.

Thank you,

William and Linda Brummett
