

Staff Memorandum

To: Board of Yakima County Commissioners
From: Phil Hoge, Planner III, Public Services Department – Planning Division
Subject: Citizen-Initiated Request to Expand Yakima County’s Stock Restricted Area
Date: October 23, 2023

Background:

[RCW 16.24](#) authorizes counties to designate certain territory as stock restricted areas within their county in which it shall be unlawful to permit livestock of any kind to run at large. All territory not so designated shall be range area, within which it shall be lawful to permit cattle, horses, mules, or donkeys to run at large.

By ordinances, Yakima County has designated certain territory within its boundaries as stock restricted, including the northern portion of the Yakama Reservation Irrigation District. Those ordinances currently in effect are codified at [YCC 6.32](#).

The Initial Proposal:

In June 2023 Mr. Gary Hall, a resident of the Brownstown area, contacted the Planning Division to ask about the process for expanding the stock restricted area in his vicinity to prevent the damage being done to his property by roaming livestock. After additional conversations, he firmed up his proposal to expand the existing stock restricted area south to Marion Drain Road and to the Marion Drain, between White Swan and the Yakima River.

On September 8, 2023, the Board held a Work Session to discuss Mr. Hall’s proposed expansion and whether to start the statutory process to consider his proposal. Prior to starting the statutory process, the Board requested staff to contact the Bureau of Indian Affairs’ Yakama Agency Superintendent to get written confirmation of their position on the proposed expansion.

On October 3, 2023, the BIA’s Yakama Agency Superintendent Wyeth Chad Wallace wrote a letter to the Board stating:

“The Bureau of Indian Affairs (BIA) agrees with the Yakima County concerning that there be no “open range” within the Yakama Reservation Boundaries. The reason for this recommendation is to eliminate confusion throughout the valley floor and have consistent guidelines...”

The Revised Proposal Being Considered:

Accordingly, on October 17, 2023, the Board set November 7, 2023, for a public hearing on a proposal to expand Yakima County’s stock restricted area to include all unincorporated areas within the open area of the Yakama Indian Reservation, which area is depicted in the map attached hereto as Attachment 2. The changes to [YCC 6.32](#) necessary to implement this proposal are attached hereto as Attachment 1.

Public Hearing:

The public hearing will be held at the regular agenda meeting on **Tuesday, November 7, 2023, at 10:00 AM**: <https://www.yakimacounty.us/agendacenter>
