## **Development Code Text Amendment Process**

After the request is submitted by the applicant, the Administrative Official will determine whether or not the proposed amendment meets the criteria in YCC 16B.10.095(6). If it does, the planning staff will forward the request to the Planning Commission for the March meeting to consider docketing amendments to the Yakima County Comprehensive Plan - ***Horizon 2040***. The Planning Commission will review the merits of the proposal against the docketing criteria in YCC 16B.10.040(7). If docketed, the application will be placed on the Planning Division's Work Program for that year's amendment cycle. The request will be reviewed by staff and presented to the Planning Commission for their review during a series of study sessions and then a public hearing for the Planning Commission to make a recommendation to the Board of Yakima County Commissioners. The Board of Yakima County Commissioners will then hold a public meeting and/or a public hearing to consider the Planning Commission's recommendations for adopting amendments to the development regulations in accordance with YCC 16B.10.040(12).
