**3. Review of Public Comments:** Two members of the public provided comments to the Board regarding the addition of fluoride to local water systems.

#### **4. Consent Agenda**

The following items were adopted upon approval of the consent agenda:

- Approval of minutes from April 30, 2025, Yakima Health District Board of Health meeting.
- Payment of accounts payable and payroll April 2025 totaling \$1,153,652.64.

**Motion:** to approve the consent agenda by LaDon Linde and seconded by Kyle Curtis  
The motion was approved with 9 in favor and 0 opposed.

#### **5. YHD Spotlight: Supporting Safe Food Vending in Yakima County by Shawn Magee, Environmental Health Director.**

- Food Safety & Street Vending: Temporary events take place at permitted, organized locations, while street vending often occurs in unpermitted public areas. Improper food preparation at these sites can lead to foodborne illness.
- Educational Approach: YHD continues to prioritize education by guiding vendors through the permitting process and promoting safe food practices. A food safety checklist and outreach events have been made available to support vendors and local businesses.
- Unlicensed Street Vending & Enforcement: Since February, unlicensed street vending has increased significantly. EH Specialists identify key locations, provide education, and must use enforcement, when necessary, in severe cases of noncompliance, YHD is working with law enforcement and code enforcement when investigating those severe cases of noncompliance. A retail food permit is required under Yakima municipal code and WAC 246-215.
- Key Findings: In one evening, five unlicensed vendors were identified. While barriers to compliance may include cost, language, and lack of understanding, YHD maintains some of the lowest permit fees in the state. Investigations revealed repeat offenses, with many vending vans linked to individuals based in California. Though activity is concentrated in Yakima, reports have begun to surface in Toppenish and Wapato, leading to increased surveillance in the Lower Valley.

#### **6. Agency Updates**

##### **Executive Director: Andre Fresco**

- Appreciation for the EH Team: Andre expressed appreciation for the Environmental Health Specialists and local partners for their continued efforts in educating food vendors and promoting safe food practices in the community.
- Federal & State Updates: A new Secretary of Health has not yet been appointed. Anticipated changes in federal funding may impact public health, cities, and other agencies. Concerns were raised regarding possible Medicaid cuts, which could affect both community members and local federally qualified health centers. Additionally, state funding for public health, specifically for programs and services supporting low-income individuals, is expected to decrease. Fortunately, the Yakima Health District's strong fiscal management may be able to cover some of these funding gaps.

### **Chief Operating Officer: Ryan Ibach**

- Department of Ecology: Ryan thanked the Department of Ecology for allowing the Yakima Health District to host the Board of Health meetings during the office remodel.
- YHD Office Remodel: Phase 1 of the Yakima Health District office remodel is expected to be completed in July. Board of Health meetings will continue to be held at the Department of Ecology conference room until August.
- Wildfire Season & Public Safety: Wildfire season has officially begun, with several fires reported, one being at the Yakima Training Center. YHD is monitoring air quality and the potential for power shutoffs. The Washington Interscholastic Athletic Association (WIAA) State Track Meet will be held at Eisenhower High School, with the heat index closely monitored to ensure the safety of students and spectators.
- Andre Fresco Anniversary: Andre Fresco recently celebrated 13 years of service with the Yakima Health District.

### **Financial Report: Chase Porter**

- February Financials: Monthly loss of \$122K for an annual loss of \$644K.
- Budgeted Revenue: \$4.5. Actual Revenue: \$3.4M.
- Budgeted Expenditure: \$5.2M. Actual Expenditure: \$4M.
- Financial Report: The Foundational Public Health Services (FPHS) report shows funding being received in the previous year. Approximately \$2 million from 2024 is being carried over and must be spent by the end of June on program-specific activities. Enhanced and capital expenditures are ongoing due to the office remodel. Environmental Health is currently generating revenue as they enter their busy season.

### **Health Officer: Dr. Neil Barg**

- Measles: A person positive with measles was in the SEATAC airport facility, though no other cases and outbreaks were identified to be caused by that positive case in Washington State.

### **Disease Control: Melissa Sixberry**

- Tuberculosis: Twelve cases of active tuberculosis are currently being monitored by the Yakima Health District. Over \$90,000 has been spent on response efforts, including staff time and support for uninsured individuals.
- Influenza: Monitoring of influenza activity from local hospitals has concluded for the season. There were 16 lab-confirmed influenza-related deaths reported in Yakima County for the 2024-2025 flu season.
- Board Discussion: Members of the Board raised their concerns for the high number of overdoses in Yakima County.

### **Environmental Health: Shawn Magee**

- Drug Labs: Procedures have been updated in response to an increase in drug lab activity in Yakima County. The Yakima Health District is coordinating closely with law enforcement to address the issue.

- Solid Waste: The extension request from DTG to excavate the temporary cell area was denied after failure to meet the six-month deadline. Incomplete excavation poses a potential threat to human health and nearby water systems. The Caton Limited Purpose Landfill is now under the Model Toxics Control Act, enforced by the Department of Ecology, due to past releases of toxic emissions, ongoing gas emissions, and excess heat generation. The permit process for the site remains unclear. YHD will be involved as a subject matter expert.

#### **Public Health Partnership: Lilian Bravo**

- NAMI Partnership: The Yakima Health District has partnered with NAMI on community-based campaigns and workshops, including efforts with Comprehensive Healthcare to address provider burnout. After a successful six-month collaboration, the partnership is currently being evaluated to determine the benefits of continuing the relationship.

#### **Community Programs: Gabriella Alvarez**

- Developmental Disabilities: The annual Developmental Disabilities event will be held on October 2<sup>nd</sup> at Pacific Northwest University, providing families time to connect with vendors. The Developmental Disabilities Program will transition under Home and Communities Living Administration (HCLA), with changes expected in the coming months.
- Front Office Services: Mandated services continue to be provided. Public restrooms with air conditioning remain available for customer use.

#### **7: Unfinished Business: None.**

#### **8: New Business:**

- a. Local health officer update: Ryan Ibach

The Board discussed the next steps following Dr. Barg's change in residency status, noting that he is no longer a resident of Yakima County. Board members decided to appoint a Health Officer who resides locally. Dr. Dave Atteberry currently serves as the Reserve Health Officer. The process of appointing a permanent Health Officer must follow the procedures outlined in the County Ordinance and Yakima Health District resolution. The Board retains authority to appoint an Interim Health Officer.

**Motion:** Dr. Dave Atteberry serve as the Interim Health Officer once Dr. Neil Barg no longer resides in Yakima County.

Moved by Lupita Carillo and seconded by Amanda McKinney.

The motion was approved with 8 in favor, 0 opposed, and 1 abstained.

Members of the Board and YHD staff thanked Dr. Barg for his dedication and service. Dr. Barg has been with the Yakima Health District for 5 years and served Yakima County as a medical provider for 26 years.

**b. Fluoride in municipal water systems: Amanda McKinney**

Amanda McKinney shared the Environmental Protection Agency (EPA) is reviewing new data regarding the addition of fluoride in public water systems. Fluoridation of water systems is not mandated or regulated by the Washington State Department of Health and is a decision made at the municipal level. In Yakima County, the municipalities of Nob Hill, Grandview, Granger, Outlook, Parker Heights, and Moxee do not currently add fluoride to their water systems. Both the Board and YHD staff shared their concerns about potential side effects as well as benefits from fluoridation. The next YHD Spotlight will provide more information on the fluoridation of water systems, at the request of the Board.

**9. Adjournment**

**Motion:** to adjourn by Alicia Stromme Tobin and seconded by Lupita Carrillo

The motion was approved with 9 in favor and 0 opposed.

The meeting adjourned at 10:30 AM. The next Board of Health meeting is scheduled for June 25, 2025.
