

# 2025 Medical Detoxification Services Request for Proposal RFP FAQ

Yakima County Human Services Department

## Information Session

October 31, 2025, 11am-12pm

**Define the condition in which someone must be accepted for treatment in order to meet the expectations of low-barrier drop-in access.**

The program must be able to accept any medically stable adults, as long as beds are available.

**Can the program be provided as a scatter site model?**

The intention is to find a one-stop shop where individuals can receive uninterrupted service from the time they are dropped off to the completion of their detox, all in the same location.

**Could the facility be a campus-based model, with a short walk between services?**

An application looking to provide services in adjacent buildings within a campus should clearly explain how transportation would be handled without disruption of service.
